

## Club Development Workshops

# Developing Club / School Links

### Building These Important Relationships In Your Local Community

Yet another workshop in response to a request from a number of our different sports organisations and schools, which is a must-attend to support your Club or School. One of the main areas of priority identified by a great number of our sporting organisations and schools is the subject of Community Collaboration. A unique opportunity to look at strategies that can be employed both in the Club and School environment to develop relationships that help to build a local community to the mutual benefit of all involved.

Given the increase in the population and the need to provide opportunities for young people to become and remain active, it makes sense for Clubs and Schools to work with each other rather than against each other—come along and start the process!! You will also receive fantastic take-away resources to keep your ideas fresh after the workshop.

**Cost: \$25 per person or \$20 each for any two or more people from the same organisation.**

**Function Room @ Harbour Sport ,Sports House, Stadium Drive, Albany**

**Wednesday 20th September 2017 7.00—8.30pm,**
