

To increase cycling skills, control and confidence in students

"Fantastic programme. The coaches were amazing, patient and fun with all of the students. We would definitely do it again and highly recommend"

- Kirsten (Teacher Upper Harbour Primary)

"I learnt that the left brake controls the back wheel and the right brake controls the front wheel. This is why you have to use both brakes"

-Ava (Warkworth Primary School)

"Great Instructions. Lots of engagement and clear success and improvement for those less confident children"

- Jen (Teacher Snells beach )

"Thank you for helping me overcome my fear of riding bikes. I had so much fun"

- Mia (Target Road Primary)
