“It was so fun learning  
how to ride a bike.  
keep my balance and  
pedal. I feel more  
confident now and I  
am so happy with my  
new skill.”

-Misha (Student)

”

I enjoyed our 3 coaches  
who taught us new things  
and examples. They gave  
us great feedback during  
practice times. Thanks to  
them! I learnt how to use  
gears and signals for  
riding on the road.”

“Just wanted to say another  
thank you for the training  
today! The students all had  
such an amazing time and it  
really boosted their  
confidence. The instructors  
were all amazing as well! The  
kids loved having them here  
and they were so supportive  
of all the students. The whole  
programme was awesome!”
